IN RE: Frederick vs. Kearns

Dear Tony:

I am in receipt of yours of October 21, 2002, and I am writing in reply. I do not interpret the court order the way that you have and in no way will my client consent, nor do we believe that Judge Henry intended, for Stephanie to see another therapist. The idea was for your client to be psychiatrically evaluated prior to any further contact with Stephanie. I realize that you are at a disadvantage having not been at the custody hearing. Nevertheless, on its face I believe that is what the order was.

Sincerely yours,

Paula M. Aigner
