Good luck in your quest to have Judge Kopriva removed from the bench. I fought that court system for years to no avail and today my daughter is in jail for drug violations with three small children scattered between family members.

I tried many many times to gain custody of my daughter to give her a good life and a good up-bringing but I was a man, Blair County Court can't give you custody. Even with the knowledge that her mother was a coke head that court system and Judge Kopriva failed to take my warnings and continued to let my daughter run wild. I was refused visitation because I was told that this court is only here for the matter of child support. Money money money is all that was of interest not was in the best interest of the child. I don't know how the hell Judge Kopriva can sleep at night but then again when you have no morals I guess it comes easy. I tried several years ago to get the attention of the courts and eventually was run out of town. I still have the letter that the Kearns family sent to me with \$5.00 toward my fight. I at that time was calling it Fathers for equal justice. I lost. I now live in the Pittsburgh area but would still love to see that particular Judge run out of town as I was.
