Dear Mr. Kearns:

Thank you for your recent correspondence in which you expressed your concerns with the Family Court Laws of Pennsylvania. I appreciate the fact that you took the time to contact me and apprise me of your views on this significant issue.

Please know, however, that it is imperative that your own House member be made aware of your opinion on this measure. I have therefore forwarded your letter to Representative Stern for his consideration.

I am certain that Representative Stern will be pleased as well as interested to hear your point of view on this matter.

Once again, thank you for writing.

Sincerely,
