Dear Roger Nick:

Please find enclosed a letter of Second Notice of Petitions for Impeachment with attached copies of the Petitions for Impeachment of Judge Hiram A. Carpenter of Blair County, and Judge William J. Henry of Jefferson County. I would very much appreciate your attention and diligence in bringing this matter before the House of Representatives.

Because five years have come and gone by since I initially filed these petitions with the House of Representatives, a prudent person must assume that the House Judiciary Committee is deliberately leaving them lie in repose for the sole purpose of aiding and abetting the criminal conduct of the above named corrupt county judges. I believe that in the spirit of justice it would be in the best interest of the public that these matters be addressed in the 2007 legislative session. Thank you in advance.

Respectfully submitted,

Robert G. Kearns, Jr.
